

Bookshelf speakers never reveal their true potential when hidden away on a shelf. For the best sound quality, treat them like foostanding models. Place them on robust stands that firmly couple to the floor and don't resonate like a bookshelf or wooden furniture.

Target stands are constructed entirely of steel at our factory in Ontario, Canada to the highest standard of mechanical and cosmetic quality. Available in either 20, 24, or 28 inch heights, each stand securely bolts together and can be filled with the dry medium of your choice such as sand or metal shot for superior resonance damping.

The standard finish is an attractive and protective black powdercoat, but white is available on a special order basis.

Included with each stand are threaded spikes for the base and pads that isolate your speaker from the top plate. Stands are warranted from defects in materials and workmanship for a period of 3 years.

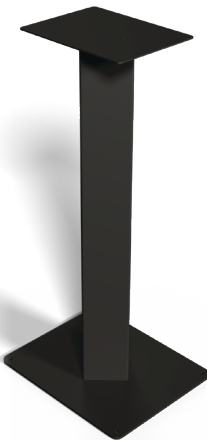

FS Firm Stand

Excellent choice for small, lightweight loudspeakers. Inexpensive. Two cylindrical risers are fillable with sand or shot for additional mass. Shipped in pairs. Includes spikes and pads.

Base dimensions (H x W x D): 0.187 x 9.0 x 11.0 in. / 0.48 x 23 x 28 cm

Top Plate dimensions (H x W x D): 0.09 x 6.0 x 8.0 in. / 0.23 x 15 x 20 cm

HS Heavy Stand

Greater mass provides additional stability for larger speakers. Square riser features a 3 x 3 inch cross section capable of containing more mass loading material than FS. Shipped in pairs. Includes spikes and pads.

Base dimensions (H x W x D): 0.187 x 9.0 x 11.0 in. / 0.48 x 23 x 28 cm

Top Plate dimensions (H x W x D): 0.09 x 6.0 x 8.0 in. / 0.23 x 15 x 20 cm

HR High Rigidity

Premier stand for high end speakers featuring two rectangular risers with a very large cross section provide exceptionally high mass. Fillable with sand or shot for even more rigidity. Shipped in pairs. Includes spikes and pads.

Base dimensions (H x W x D): 0.187 x 9.0 x 11.0 in. / 0.48 x 23 x 28 cm

Top Plate dimensions (H x W x D): 0.09 x 6.0 x 8.0 in. / 0.23 x 15 x 20 cm

MR Maximum Rigidity

A massive stand for highest quality loudspeakers requiring the most robust platform. Four risers robustly brace the stand against resonances. Ultra-thick base and top plates sandwich the risers. These are the best quality loudspeaker stands available. Shipped individually. Includes spikes and pads.

Base dimensions (H x W x D): 0.250 x 9.0 x 11.0 in. / 0.32 x 23 x 28 cm

Top Plate dimensions (H x W x D): 0.125 x 6.0 x 8.0 in. / 0.64 x 15 x 20 cm
