

ESS RLM 713

Big ebony wood casing for superior acoustic reproduction and natural noise cancellation. Flexible 180 degree rotatable ear cups. Detachable cable, allowing for convenient storage and portability

SPECIFICATIONS:

- Speaker Size: 50mm
- Frequency Response: 20Hz-20KHz
- Impedance 40 Ω /Sensitivity 113 +/- 3dB at 1KHz1mW / Cable Length 1.2 & amp; 2m
- Rated Input Power: 30mW
- Maximum Input Power: 50mW

ESS 252

Larger walnut wood casing for superior acoustic reproduction. Outstanding bass response, wider sound domain with fresh music details.

SPECIFICATIONS:

- Speaker Size: 50mm Dynamic Orientation
- Frequency Response: 20Hz - 20KHz
- Sensitivity: 107 +/- 3dB at 1KHz 1mW
- Impedance: 32 +/- 15% Ohm
- R & L Balance: <3dB (20Hz - 10KHz 1mW)
- Rated Input Power: 30mW
- Maximum Input Power: 50mW

ESS AMT 422H / 422AMT

Unique headphones equipped with Heil AIR Motion Technology. The improved Multi Fold Air Motion Transformer produces a full range of natural sound that ESS is known for.
